[freeCodeCamp.org](https://www.freecodecamp.org)

- Self-Taught Front-End Developer (2024 – Present)
- Focused on HTML, CSS, JavaScript, React

WORK EXPERIENCE

Web Developer

October 2024 - Currently

Enhanced [VirtualCellarDoor.com](#) by troubleshooting and fixing image display issues using HTML, CSS, and Chrome DevTools to identify elements and classes, ensuring a smooth and visually consistent user experience. Independently designed and built [RippaWines.com](#) on Squarespace, creating a fully functional, responsive, and visually engaging website that showcases the brand and products while improving usability and navigation.
